EMERGENCY OPERATIONS CENTER

The Emergency Operations Center (EOC) has a new look! Over the past three months, Colleton County Fire-Rescue (CCFR) has been working hard to redesign the EOC to make it more comfortable and suitable for operations. In early December, CCFR held an open house for agencies involved in Emergency Support Functions at the EOC. You will have the opportunity to tour the EOC at our meeting on January 15.

Within the past few months, CERT has participated in two community outreach programs with other agencies. On November 7, St. Judes Church sponsored a Senior 101 – Engage at Every Age event. CERT held a vendor table at the event. Ms. Jessie Gooding assisted with the event.

On December 19, 2018, CERT participated in a Health Fair and Food Bank sponsored by Lowcountry Community Action Agency (LCAA) and held at the National Guard Armory. Adrienne Stokes gave a presentation on being prepared for emergencies. Debra Day assisted with giving materials, and Kimberly Richardson assisted LCAA with the food bank.
